

GOD MADE COMMUNITY

God Made Me

DB Nursery for October 31ST & November 1st

Last week we finished our series on the delicious fruits God made for us to enjoy, and now we are going to start talking about something else that God made. He made community. What is community? It's the people around us, the people closest to us who we see or talk to nearly every day. It's the people in our families, in our neighborhoods, churches and schools.

Did you know that God wants us to be friendly and have friends with people in our community? He wants us to spend time playing, laughing, talking, sharing, and praising and learning about God with others. When we used to meet together in our little Nursery room, that was our community. We had a lot of fun together playing, laughing, having snacks and learning about Jesus.

The first person we are going to learn about in this new series is someone we know very well... ourselves. Did you know that God made you uniquely and wonderfully? What does that mean? It means He made you as one of a kind, there is nobody else just like you. Nobody who looks like you, smiles like you, thinks like you, laughs

like you. God knew you from the start, and He made you especially special. When I say God made you wonderfully, I mean He made you in His image and according to His purpose for your life.

If you look at the other people in your family, maybe you even have sisters and brothers, do you look exactly like them? Probably not. You might have different color eyes or hair, or maybe you are the only one in your

family to have freckles. We can't change these things and we shouldn't want to.

Let's think about some of the things that are true about us. With your family, point out who has black hair, brown hair, blond or red. Who has blue eyes, green eyes or even brown? Who is the tallest in your family and who is the shortest? Who can run the fastest or reach the highest? Who can do a summersault or ride a bike? Who likes popcorn the most, pizza or ice cream? Who likes broccoli, peas or spinach? As you answer these questions you will notice how each one of us is different, yet just right in our own way.

I am glad that God made you to be you, and only you. I miss you. Teacher Julie
