

GOD MADE COMMUNITY God Made My Friends

DB Nursery for November 14th & 15th

God made community. We have learned that God made us and God made our families. This is the foundation to our community. This week we will broaden our community to include the wonderful truth that God made our friends. Good friends are truly a gift from God. Sometimes we make friends with people we know only for a while. Maybe they move away or start to go to a different school. And then there are those friends who are in our lives a very long time. They get to know us well, and they are there to help us celebrate the good times and make it through the harder times.

Our friends are the people in our lives we can be silly with, share our thoughts with, try out new ideas on, and just generally open up to. We should be able to trust our friends and they should be able to trust us. Friendships are built slowly and over time, and they grow strong through the experiences we share together.

Jesus wants to be our friend. In fact, He should really be our best friend. He wants us to talk with Him every day about what we are thinking, how we are feeling, what we are excited about or afraid of. Jesus knows how we feel and He wants to help us think good thoughts and do good things. Jesus is a friend who will never let us down, forget important days in our lives, or move away. If we invite Him, He will live with us in our hearts and in our homes.

I hope today you remember to thank Jesus for being your friend and for giving you friends. You are my special friend and I miss you very much. See you soon. Teacher Julie
