DB Nursery for May 30 &amp; 31

God Made Boys and thank God He did!

We have completed our series on learning about the miracle of our bodies and all the wonderful ways God made us so we could touch, see, smell, talk, and so on. Now we are going to begin to learn about how God put together these parts of our bodies to make the people He wanted us to be. He made all of us, in His image, and to do His good work. This week we are starting with the lesson that God made Boys.

God made boys and girls, and this week we are celebrating the fact that He made boys. We have so many special boys in our class, and they keep us laughing, running, shaking our heads and wondering how they survive. Some of our boys are Tucker, Zechariah, Sylas, Lochlan, Gabriel, William and David. We have Ian, Beau, Johnny and a few Joshuas. We love them all and enjoy watching them discover their world by running, throwing balls, driving cars, reading books, building blocks, and even helping us take care of the babies. Their energy is endless, their minds are curious, their souls can be wild, and we pray their hearts will remain soft to the leading of their Lord.

This is our last week to sing *If You're Happy & You Know It Stomp Your Feet*. Have fun singing and acting out the song, and finish your worship time by singing the BIBLE, Yes that's the book for me. I stand alone on the Word of God. The BIBLE.

It was great seeing some of you this past weekend. Hopefully I will see you again, and more of you at that!

This week we learned that God made boys. Point out brothers or boys you know. Talk about what makes boys special. Sing (to the tune of *The Farmer in the Dell*):

*God made the boys.  
God made the boys.  
I'm so happy, very happy,  
God made the boys.*
